Reception

- This school is amazing. My son has learnt so much already! I love him being here
- I think St. Joseph's is an excellent school. Very well run, the teachers are brilliant and it is nice to know I am leaving my child in such safe hands
- Thank you
- My daughter started school in September and I am so proud of how she is getting on, me and my partner love the school and would highly recommend it.
- Really happy with the choice I made to send my daughter here, the teachers, TA's and support staff work so hard and are dedicated.

Year 1

- Thank you
- We are very pleased with our child's progress
- I am concerned at the poor SATs results for Year 6, this has not been communicated to parents. We would like more guidance from teachers and senior staff. More homework would help, or access to online learning applications. I feel that my children are falling behind or at risk of not achieving – an no-one else seems concerned or has picked up on it.

Year 2

- General communication is good but would like more individual feedback as to child's performance throughout the term.
- Needs to have more homework.
- Absolutely happy with teachers, school and rest of staff. Thank you.
- All staff at this school are amazing. My son has thrived since starting here. All staff show my son a great amount of care. I think this school is simply amazing and I have a very happy son who loves coming to school.
- My son absolutely adores school and is encouraged to push himself further and to feel proud of his achievements.
- I appreciate everything that the teachers at school do for my children.

* Shared with Year 5 questionnaire (parent with child in both year groups)

Year 3

- Thank you for all you do
- My children have been moving through a few schools since Reception and we've felt very fortunate that they have ended up at St Joseph's. Thank you for fostering a caring, inspiring and learning environment.

Year 4

- I have only said disagree as I don't feel school currently stretches my son enough in Maths. Otherwise needs are met fine.
- The school is doing very well for the children, but I think the weekend homework is very poor. Am suggesting they have more like the things they did that week and their next week learning to practice before hand including English and essay writing.
- I am concerned at the poor SATs results for Year 6, this has not been communicated to parents. We would like more guidance from teachers and senior staff. More homework would help, or access to online learning applications. I feel that my children are falling behind or at risk of not achieving – and no-one else seems concerned or has picked up on it.

Year 6

- My children have been moving through a few schools since Reception and we've felt very fortunate that they are at St. Joseph's. Thank you for fostering a caring and inspiring learning environment.

Year 5

- The school never seems to reward children personally. My child's class are late in nearly every morning and according to my child, the teacher is also late after break too. Homework could be more challenging. I've been impressed by the manners of the children and I love the faith side of the school.
- My child clearly would benefit from having a 1-2-1. However, due to lack of funding this is not possible for him. My child has been given the opportunity to participate with just one sporting event off-site whereas his classmates have had many.
- My child has been very happy and settled at St. Joseph's and has progressed well in all areas. We have been pleased with the varied curriculum and the way in which the 'whole person' is valued.
- Keep up the good work.
- Support from all staff is excellent during tough periods e.g. ill health, emotional traumas. Sports activities have improved dramatically. My child enjoys all aspects of school life. I feel blessed to have been lucky enough for my child to have a place at St. Joseph's.
