Dear Parent,

**Response to Relationship and Sex Education Questionnaire**

We are adopting a new Catholic faith-based Relationships and Sex Education scheme of learning called '**Life to the Full**'. We asked parents to access an online **Parent Consultation Tool** and complete a survey to give their views on the content to be taught at each year group. Thank-you to parents who responded.

The results of the survey demonstrated that the majority of parents either agreed or strongly agreed that the suggested learning objectives to be covered across each year group was age-appropriate and therefore we will undertake the program as it is currently set out. However we would remind parents that they continue to be able to request that their child opts out Year 6 'Making Babies' sessions.

Parents are still able view all of the resources that will be used to teach Relationships Education across all year groups using the following details:
